

## LIVE AND LEARN ITALIAN

“ Watching a sculptor and an artisan cheese-maker at work, learning to prepare local dishes, visiting the ruins of the Sanniti tribes - just some of the activities that weave around 30 hours of Italian tuition with wonderful teachers. Conversation starts at the breakfast table and continues on during the day. I had such a great time I am going again - yes, to learn, but also to revisit the *real Italy*. ”

“ An amazing fortnight! Jenifer and the course delivered everything and more, and my Italian improved hugely. Wonderful to explore such an interesting region of Italy, unspoilt and off the tourist map. The locals were so welcoming and easy to approach and chat with. A splendid formula which will surely go from strength to strength. ”

I devised *Live and Learn Italian* after visiting to study in this small, unique town - home of my grandfather and generations of my family. With qualified, inspiring teachers and local hosts and guides, we are dedicated to giving you a unique and personal learning experience.

# LIVE AND LEARN ITALIAN

*An Italian language holiday with a difference*

Off the beaten track in the very heart of Italy, *Live and Learn Italian* warmly welcomes you to the historic town of Agnone. Learn Italian in small classes, try your hand at regional cooking with local women, discover the secrets of the town's artisans, savour the local gastronomic specialties and visit sites of cultural and natural beauty.

Known as *Città d'Arte*, Agnone is home to the world's oldest bell foundry and steeped in centuries-old traditions of arts, crafts, and culinary delights. This is an opportunity to immerse yourself in the language while exploring and engaging in local life and activities.

*relax, explore, enjoy and learn*
